Mark Bates Ltd
THE HOME OF PREMIER CARE

email: sales@access-able.co.uk website: www.access-able.co.uk

Welcome to the latest edition of our bespoke brochure which includes extra pages full of even more helpful products available to buy or rent.

As we enter our 23rd year of trading we continue to experience very difficult times for everyone. You will be aware from the media that Access Able, along with every other small business will be paying significantly higher labour and energy costs moving forward. Our suppliers are also increasing their costs to cover their own overhead increases, which inevitably means that prices will most certainly be rising throughout 2025 and beyond.

We appreciate however that our customers are also feeling the pinch and we know that money is tight for everyone, so we will be keeping any price increases to an absolute minimum whilst maintaining, and not compromising on our high level of service to you.

This brochure should therefore be used as a price guide only and I would urge you to please visit our website at www.access-able.co.uk or call us on 0117 980 1820 to confirm our most up-to-date prices.

Our website offers you a 24/7 open shop with a larger product range than we can showcase in our brochure. You can find a QR code on every page of the brochure, usually in the bottom corner; simply scan to visit the relevant section of our website to find more products in the range along with further information and specifications. Just visit www.access-able.co.uk to browse, buy and rent, whenever suits you!

After over 20 years of working hard to build and run this business, I am now only able to work 3 days a week, however we continue to evolve and grow as a company in the very safe hands of my daughter Angela, our Finance Director and Dan, our Service Director. They have brought new energy to Access Able, installed new systems and come up with many great ideas for the business going forward, whilst still maintaining our core ethics, values and beliefs.

We've welcomed some new faces to our team, our new mobile engineer Devon and a very promising apprentice engineer Keatan who is mainly workshop based while also studying to become a stairlift engineer.

We have also welcomed back an 'old face' with Dougie returning on a part time basis, sorting out our warehouse stock so that our equipment is clean, prepared and ready for sale or rental when needed.

We appreciate and thank you, our valued customer for your continued support and loyalty and we look forward to being of service to you all for many years to come.

Kind regards, *Bob Sansom*

Are you eligible to **SAVE 20%** with VAT Relief?

Most of our customers receive VAT Relief due to their disability or chronic illness. Many can claim this Government benefit but are not aware of it, yet it offers great savings to those who rely on various aids to live their lives.

We state two prices in our catalogue and those who are eligible for VAT Relief pay the VAT-exclusive price shown in brackets, if you're not eligible you can still shop with us you will just need to pay the full VAT-inclusive price.

To receive VAT Relief when shopping with us you just need to complete a simple declaration that requires no additional proof or paperwork, as long as the user has an eligible condition which includes common disorders such as arthritis.

For the full list of eligible conditions and to submit your VAT Relief Declaration, just visit www.access-able.co.uk/vat-exemption

OUR FRIENDLY, FAMILY-RUN SHOP TEAM

BOB
Managing Director

ANGELA

MARK
Instore Sales

HAYLEY
Website & Marketing

We trade from our showroom, on-site workshop and offices at 72 St John's Lane in Bedminster, Bristol

We have a fleet of vans to collect, deliver, repair, service and install at your home or business, in and around Bristol

We also have a warehouse so we are able to hold large amounts of stock to offer you the most choice

PRICES - We state two prices in our catalogue; the higher is VAT-inclusive, calculated at the prevailing rate, which at the time of going to print is 20% and is subject to change in accordance with HMRC. The price shown in brackets is VAT-exclusive and is applicable to those who are VAT Exempt. Prices are correct at the time of going to print, but we reserve the right to amend all prices when necessary.

GUARANTEE - All new works and products are guaranteed against defects in materials or workmanship for 1 year from date of purchase, unless otherwise stated. We recommend regular checks to ensure your product is not showing signs of undue wear. This does not affect your statutory rights.

PLEASE SEE OUR WEBSITE FOR THE MOST UP-TO-DATE PRICES & OUR FULL TRADING TERMS & CONDITIONS

Fixed Scooter Canopy

scooterpac™
Lifestyle mobility products

The world's first
universal folding canopy,
with a unique design
for all-weather mobility

The ingenious mechanism enables the canopy to fold back behind the seat when not in use, and sets up in seconds when needed, so you're always prepared when it rains but can use your scooter without obstruction when the sun is shining!

The sturdy canopy made from specialist waterproof fabric, with ultra-durable polymer sides and high-clarity windscreens provides complete protection with maximum visibility.

Universal fittings make the Scooterpac Canopy compatible with almost any scooter, with additional brackets also available for scooters with a trickier mounting design - we can fit it for you!

Standard Canopy from £792.00 **(£660.00)**

Large Canopy from £838.80 **(£699.00)**

Fitting Service from £96.00 **(£80.00)**

Looks like rain?

Fold out the user-friendly canopy for complete protection for you and your scooter...

Turned out sunny?

Fold away simply and quickly into the storage bag for an easy breezy ride!

SCOOTERPAC Folding Scooter

Standard lightweight cover for occasional protection from bad weather, dust etc. Deluxe cover is made from a heavy duty, durable outdoor fabric with adjustable straps for improved fit and protection.

Which ramp is suitable for your needs? Follow these 3 simple steps to find the ramp that's right for you, then just get in touch to order. And if you have any queries, we're always here to help!

STEP 1: WHAT TYPE?

REMEMBER:
THE LONGER
THE RAMP, THE
EASIER THE
SLOPE

STEP 2: HOW STEEP?

1:6 (10°)*		Height	Acceptable in some cases for short threshold ramps
1:8 (8°)*		Height	A useful balance between gradient and space suitable for portable ramps in some assisted applications and events
1:12 (5°)		Height	Often required by Social Services/Local Authorities. Minimum required by Buildings Regulations Document M for installed ramps
1:15 (4°)		Height	Sometimes required by Social Services/Local Authorities for independent access, but typically for installed public access ramps

* Assess safety/risk

STEP 3: HOW LONG?

Measure the step height/level difference (the total height of the steps or the height to the resting point on the vehicle), then use the table to determine the ramp length that you need

STEP HEIGHT/LEVEL DIFFERENCE (UP TO)	LENGTH AT 1:6	LENGTH AT 1:8	LENGTH AT 1:12
10cm / 4"	60cm / 2'	80cm / 2'8"	120cm / 4'
15cm / 6"	90cm / 3'	120cm / 4'	180cm / 6'
20cm / 8"	120cm / 4'	160cm / 5'4"	240cm / 8'
25cm / 10"	150cm / 5'	200cm / 6'8"	300cm / 10'
30cm / 1'	180cm / 6'	240cm / 8'	360cm / 12'
45cm / 1'6"	270cm / 9'	360cm / 12'	540cm / 18'
60cm / 2'	360cm / 12'	480cm / 16'	720cm / 24'

Portioned Plate

from £81.60
(£68.00)

The Uccello kettle is a unique Kettle and Tipper in one, that combines practicality with a modern, attractive design. The ergonomic handle and effortless tilting action make it ideal for those who suffer with limited hand movement, strength and grip. The non-weight bearing, smooth-pour action directs water to a fixed position safely, every time! It also features a stable, non-slip base and is also detachable for optional handheld pouring.

Available in White/Black, Black/Black or White/White

Uccello Kettle and Tipper

from £24.00
(£20.00)

Handy digital kitchen scales that are ideal for the visually impaired. They feature a talking function that clearly reads the displayed weight as well as easy to use raised, embossed buttons.

Digital Talking Scales

A useful kitchen gadget to assist with opening six different types of seals and lids with ease. It has a durable, cushioned grip that provides added comfort when opening metal bottle caps, can ring pulls, jar lids and bottle tops. It can remove hard-to-grasp safety seals and also features a unique enclosed blade to cleanly slice open plastic bags.

from £18.00
(£15.00)

6-in-1 Multi Opener

from £30.00
(£25.00)

A sturdy plastic tray with a bean bag base and non-slip, heat resistant silicon mat that provides a comfortable and secure surface for eating, drinking and other activities. The bean bag is attached with hook and loop fastenings making it easy to take on and off and is also machine washable. The tray features built-in handles, making it easy to carry items around the home. Ideal for use while sitting in a chair or bed.

Stay Tray with Bean Bag

from £12.00
(£10.00)

A simple and effective jar opener that is fitted to the underside of a cabinet or worktop with the screws provided, to give a very sturdy grip for easy removal of various sized twist-off jar and bottle lids.

Under Cabinet Jar Opener

from £9.60
(£8.00)

A practical, easy to use opener for cans that have a ring pull. Simply place the tip of the Can Key under the ring and pull back on the handle. The controlled movement enables safer removal of the lid and prevents spillages.

Can Key

from £8.40
(£7.00)

A durable lap tray with a non-slip surface, ideal for reducing the risk of spillages when carrying food, drink and other items from room to room. It features a deep rim around the edge for carrying and extra protection, while the non-slip coating prevents items from slipping even when tilted up to a 30° angle.

Non-Slip Lap Tray

Balanced, lightweight and robust reachers that are ideal for a variety of uses around the home for those with limited mobility as well as those recovering from operations. They have 360° revolving, slip-resistant, 'finger print' lined jaws for optimum grip. They adjust and lock in 30° increments allowing objects to be picked up in a variety of positions. The chunky handle enables squeezing with multiple fingers to reduce strain on the fingers and wrist.

RevoReach Xcel - Standard reacher with soft touch, slip-resistant handle that is easy to grasp and squeeze with all fingers when picking up items.

RevoReach GripLock - All of the features of the Xcel but with a unique locking mechanism that locks the jaws once an item has been gripped. It also features an innovative Grip & Hold function which allows the reacher to be set so that the jaws lock automatically when the trigger is squeezed.

Available in 26" or 32" lengths

COMBI

The PROFORM range of cushions are made from high grade nodular foam that allows air to circulate whilst providing supreme comfort and support. The range features various cut-outs for users that require pressure relief in certain areas and all cushions come complete with a luxury suedette cover.

They are lightweight and easily transportable, making them ideal to elevate an easy chair, use in a wheelchair and in various other settings, as well as for day trips and travel.

The PROFORM Ultra is a deeper version of the standard PROFORM cushion, while the PROFORM Seat Raiser is both deeper and larger.

All cushions in the PROFORM range are available as either a Standard cushion or with a Coccyx, Ringo or Combi cut-out

Pressure Mattresses

View the full range, specifications & current prices

Robust steel frames that make putting on compression stockings much easier, and can also be used for putting on everyday socks and tights. Easy to use in any position, ideal for those with limited movement and dexterity or those who struggle to bend.

The Tall frame also features chunky foam handles and non-slip feet for added comfort and stability.

Small Frame from £21.60 **(£18.00)**

Tall Frame from £42.00 **(£35.00)**

Ezy-On Compression Stocking Aid

An easy to use dressing aid that helps those with limited mobility and dexterity put on socks and stockings. Can be used with one or two hands. Made from hypo-allergenic fabric that can be washed with the rest of your laundry.

Soxon Sock & Stocking Aid

A simple aid to assist with putting on socks and stockings without the need to bend, twist or stretch, that can be used with one hand or two. Latex free, wipe clean and ideal for travelling.

Foxy Sock Aid

An invaluable aid for independent dressing. The integrated shoe horn can be used to put on footwear without bending, while the hooked trigger can be used as a dressing aid as well as to reach shoes and other items. Available in 26" or 32" lengths

Shoe Helper

16" long, moulded plastic shoe horn with an attached hanging loop. The extended handle gives excellent reach to help you put on footwear with less effort and bending.

Shoe Horn

Eliminates the need to tie your laces every day. Simply lace the shoes and once tied/pulled they can be taken on and off without tying.

Coiler Shoe Laces available in Blue, Black, Brown or White

Elastic Shoe Laces available in Black, Brown or White

Elastic Shoe Laces

Handy aid that combines a dressing stick and shoe horn. The hooked end can be used to help pull on clothing as well as reach clothing and hangers in the wardrobe.

24" from £8.40 **(£7.00)**

30" from £9.60 **(£8.00)**

Dressing Stick

Useful aid that combines a button hook and a zip pull. One end features a shaped wire that is easily pushed through a button hole to loop over the button and pull back through. The other end has a hook to pull zips easily.

Button Hook & Zip Pull

A strong webbing strap with a loop on each end; simply hook around your foot to help move stiff or immobile legs without needing to bend. Ideal for use around the home, when travelling and after surgery.

Bellavita Bath Lift

The Molly Bather uses the full width, length and depth of your existing bath for maximum comfort. The strong, retractable belt lowers and raises you at the touch of a button using the simple handset controls. It features a safety rail and a padded stool for easy transfers. The standard Molly Bather fits baths up to 85cm wide and its telescopic legs suit baths that are 46-58cm in height, with optional components available for taller, shorter or wider baths. The powerful battery is easy to recharge and lasts for approximately 20 baths between charges. The belt can also be easily unclipped for others to use the bath as normal.

We can fit it for you! (Call-out charge will also apply, please contact us for further details)
